Professor

Mayco A. Santaella

Dean

Faculty of
**ARTS &
SOCIAL SCIENCES**

Welcome to the Faculty of Arts and Social Sciences at Sunway University, where we believe that the creative arts are an integral part of the human condition, and that their creation and study enhance our quality of life while contributing to the cumulative value of human history.

Students at Sunway University explore the world of media and creative arts across a variety of disciplines, including architecture, communication, advertising and branding, design, film production, music, and theatre. As a student, you will be encouraged to develop your individual creativity and cultivate a mindset that enhances your employability. Our aim is to nurture a new generation of professionals in the creative arts who integrate the core attributes of the arts, humanities, media, and technology.

The cultural and creative industries contribute approximately 3–3.4% of global GDP, generating around USD 2.3 trillion annually, and employ tens of millions of people worldwide. These industries are growing rapidly, particularly in the Asia-Pacific region, which has emerged as a dynamic hub for creative growth driven by digital innovation, media, and technology. In Malaysia, the creative economy is also expanding, supported by national initiatives to strengthen the digital content, design, and cultural sectors, positioning the country as an increasingly important player in the regional creative landscape.
