One Belt, One Road: An Explanation

In the past several years, China has made bold and innovative moves, such as the Asian Infrastructure Investment Bank (AIIB), Regional Comprehensive Economic Partnership (RCEP), and development of a multitude of intercontinental transportation and economic infrastructures, to establish palpable linkages with the world beyond China in real-time and real-space.

In this lecture, Professor Feng will speak on

- The underlying challenges China is facing, namely "cultural communications"
- The fundamental steps China has initiated to mitigate the challenges
