YBhg. Tan Sri Dato' Seri Dr Jeffrey Cheah AO

Founder and Chancellor, Sunway University

Founder and Trustee, Jeffrey Cheah Foundation

Message from the Chancellor

Dear Graduates,

My heartiest congratulations to you for reaching this significant milestone. Your achievement today is a result of hard work, resilience and dedication. In celebrating your success, let us also extend our gratitude and appreciation to those who have guided and supported you along this journey, including your friends, family and teachers.

As you move on to the next chapter of your life, you do so in a time of great uncertainty and major challenges. The rapid advance of technology, the existential threat posed by climate change and issues related to socio-economic equity are clear signs of a world in transition.

To thrive and succeed in what many are calling the “Age of Disruption”, your character and values will play a crucial role in defining your future. I trust that apart from knowledge, perspective and academic credentials, your time here at Sunway University have helped instil and nurture our core values of Integrity, Humility and Excellence in you.

As a university owned and governed by the Jeffrey Cheah Foundation under a not-for-profit structure, all surpluses are ploughed back for research, scholarships, grants, expansion of facilities and recruitment of top-notch faculty.

The Foundation is committed to nation-building by making quality education affordable and accessible to as many deserving and qualified students as possible. In pursuing this mission, the Foundation has awarded RM618 million in scholarships and grants to date.

The Foundation has also established active partnerships with globally renowned institutions such as Cambridge, Oxford and Lancaster universities in the United Kingdom, as well as Harvard, MIT Boston and UC Berkeley in the United States. I have always believed that to be the best, we must work with the best and learn from the best. Through these collaborations, we are bringing world-class expertise and cutting-edge research to our institutions and classrooms.

I am proud to share that Sunway University is now one of the leading universities not just in the country, but in the region and the world. The *Times Higher Education* World University Rankings 2023 placed Sunway University number one among non-government-linked private universities in Malaysia. Sunway University has also been voted number one in Graduate Employability, for the second year running, among all universities in Malaysia, according to the latest Talent Bank GE Index.

These recognitions are a testament to the calibre of our faculty and staff, the quality of our research, as well as the reputation we have earned among international peers.

As beneficiaries of this access to quality education, I trust you will consider contributing to your alma mater and partner with us in our mission to shape the next generation of students and give back to society in an impactful manner.

When you leave this campus after today’s ceremony, you will join an international network of pioneers, leaders and advocates in various disciplines that make up the alumni of Sunway University. It is my hope that this community will serve as a role model to our current and future students in building a more progressive, sustainable and inclusive future for all.

Congratulations, once again, on your graduation. Thank you.

Professor Sibrandes Poppema

President, Sunway University

Tan Sri Jeffrey Cheah Distinguished Professor

Message from the **President**

Dear Students and Parents,

Like all of you, I'm very much looking forward to the graduation ceremony. This is the occasion where you transition from a Sunway student to a Sunway alumnus. Congratulations to all of you! You and your parents can be proud that you have completed your studies successfully, partly during the pandemic and partly back on campus. I know that you as well as your teachers have gone to extraordinary lengths to make this possible. In the process, you have obtained an additional skill set that will help you in your chosen profession where working from home in addition to the office increasingly is becoming the norm.

Inspired by our founder and Chancellor, YBhg. Tan Sri Dato' Seri Dr Jeffrey Cheah, Sunway University strives to educate students with the following three Core Values. Integrity, not only doing the right things but also doing things right; Humility, being humble, polite, and respectful, and striving for Excellence in all endeavours. As well, Sunway University intends to provide all our students with an awareness of the sustainable development goals and planetary health, digital and communication skills, and an entrepreneurial attitude that prepares them for a successful career.

Sunway University also increasingly contributes to the sustainable development goals through its research on sustainable cities, new sustainable materials, sustainable business, data science and healthy ageing/planetary health. We will work with the government priorities and industry to help the country to innovate along the lines of the Malaysia Science Technology Innovation and Economy plan. Sunway University also increasingly collaborates in projects with our high-level partners, the University of Cambridge on Infectious diseases and radiobiology, Harvard University on Global Health, various institutions in Singapore on Microbiomics, and the Massachusetts Institute of Technology on carbon capture and utilisation. Planetary health will be the focus of our research over the next years. Planetary health deals with the relationship between human health and environmental sustainability. It reflects on the interdependency between our influence as humans on the environment including climate change and the influence the planetary environment has on our health.

I sincerely hope that the knowledge, values, skills and attitudes obtained during your studies will enable you to become contributors to a sustainable society and important actors in the nation building of Malaysia.

I wish you success in the next steps of your career, whether in your first job, as an independent entrepreneur or in follow up Master or PhD studies. Above all, I sincerely hope that you will be proud alumni and life-long friends of Sunway University. Once again, you can be rightfully proud of your achievement.

Professor Andy Schofield

Vice-Chancellor, Lancaster University

Message from the **Vice-Chancellor of Lancaster University**

It gives me great pleasure to welcome you to today's graduation ceremony at Sunway University. We look forward to celebrating and enjoying the accolades of the hard work you have put in, and all of those who have supported you through your endeavours.

Lancaster University is extremely proud of its long-standing relationship with Sunway University; a partnership which began over sixteen years ago and now has over 6,000 students enrolled on joint Lancaster and Sunway programmes. We are delighted to see your hard work and achievements bring this partnership to life, and we thank you for your contributions over the last few years in the most trying of circumstances.

Lancaster University is proud of its academic reputation, maintaining its position in the top dozen or so of all UK universities in the three major UK league tables. I am pleased to share with you that Lancaster has recently risen into 122nd place out of more than 1,500 universities around the world in the QS World University Rankings 2024. You can be confident that the quality of your educational experience, underpinned by world-class research and outstanding teaching, will enhance your prospects in the future and we will work hard to ensure the enduring value of your qualification.

The quality of local and international staff delivering the undergraduate and postgraduate programmes at Sunway is impressive and their commitment to ensuring an enriching and stimulating student experience is commendable.

Please stay in touch with us. Lancaster University has a thriving alumni network of more than 170,000 graduates who live and work in virtually every part of the world. We are extremely proud that your hard work and dedication have secured your place in this ever-growing community. On the Lancaster alumni page of this programme, you will find a QR code to enable you to join our Alumni Network which aims to support you in the future.

I hope you and your guests thoroughly enjoy the day, and I wish you the very best of luck in all your future endeavours. Please do keep in touch.

Mr Charles Cointreau

Vice President – Asia Pacific, Le Cordon Bleu

Message from the **Vice President – Asia Pacific, Le Cordon Bleu**

As we have just celebrated the 10th year anniversary of the partnership between Le Cordon Bleu and Sunway Education Group, I wish to commend the successes of the Sunway Le Cordon Bleu Institute of Culinary Arts and the School of Hospitality and Service Management of Sunway University during this journey.

Le Cordon Bleu President André J. Cointreau and Sunway Group Founder and Chairman Tan Sri Dato' Seri Dr Jeffrey Cheah both saw eye to eye on the need to bring first class culinary arts and hospitality education to Malaysia. We stand today with a materialisation of that vision and the faculty and staff of Le Cordon Bleu and Sunway are all delighted to have reached this milestone.

We are proud of our students' accomplishments. Be it from personal fulfillment to entrepreneurship endeavors, from Michelin stars to media fame, they have embarked into local or international careers that are full of promise.

In fact, the hospitality industry at large, is currently full of vast opportunities. And after a few years of regression and stagnation, it is poised for being one of the strongest growth motors for economic recovery and future growth.

It is also an exciting time to be in the Restaurant or Food Service industry, with a number of social mutations, innovations and challenges which are impacting on the industry. There is a real scarcity for talented, well-educated and creative people in the field to make their mark, so it is a very opportune time to be joining the professional landscape.

Hospitality and Gastronomy have always had a multidisciplinary focus and by keeping our minds open as to what makes a holistic experience one can strive to achieve excellence. These respective fields embody some of what is best in humanity; the culinary arts reward technique mastery and creativity while the hospitality and service industries focus on a never-ending effort to empathize with guests' needs and surpass their expectations.

We look forward to continuing to train the next generation of industry actors and leaders. For those who will graduate, be hungry, never stop seeking personal improvement and refinement, and never forget to act with empathy, fairness and kindness to your peers. Never forget that the fundamentals of your industry are placed on the shoulders of the people that make it happen.

SUNWAY UNIVERSITY

SUNWAY UNIVERSITY

Sunway University is one of the nation's leading private Universities with over 9,000 students studying on more than 75 academic programmes across disciplines in the arts, sciences, business, finance, mathematical sciences, sustainable development, healthcare and hospitality.

Sunway is a broad-based institution delivering higher education that equips graduates for the 21st century work environment. Consistently providing high quality education, Sunway University has maintained a five-star "excellent" rating in the official Ministry of Education "SETARA" rating system for Malaysian universities and university colleges since 2007. The University also has a 5 Star (Excellent) rating by Quacquarelli Symonds (QS) Stars since 2018.

The University is ranked globally by the *Times Higher Education (THE) World University Rankings* as well as by QS. In Asia it is ranked within the top 125 universities (in QS) and within the top 250 universities (in THE). It is also ranked within the top 300 of the best universities in the world that are 50 years old or younger by THE.

Additionally, it is also the first non-Government Linked Private University in Malaysia to attain AACSB Accreditation for its Business School.

In the area of sustainability, the University is ranked globally in both the UI GreenMetric as well as the *Times Higher Education Impact Rankings*.

The University continues its quest to achieve World-class standards, and through being owned by the non-for-profit Jeffrey Cheah Foundation, is able to maximise the use of its financial resources for supporting leading edge research, as well as for offering scholarships to talented students who would not otherwise be able to afford a good university education.

The University has strong international links and the campus is effectively a global community with over 13% of the total student body coming from overseas with over 60 countries represented.

The University offers dual degrees with Lancaster University, which is ranked within top 15 institutions in the UK. There are also collaborations on research, scholarship and entrepreneurship development with Harvard University, the universities of Oxford and Cambridge, the University of California, Berkeley and Massachusetts Institute of Technology (MIT). These collaborations include visiting scholar programmes, joint research projects and co-organised conferences.

Jeffrey Cheah Foundation

Nurturing the Seeds of Wisdom

The Jeffrey Cheah Foundation (JCF) is founded on the fundamental premise of giving to society, a philosophy that has governed its predecessor, the Sunway Education Trust since its inception in 1997. Through the Foundation, operating surpluses are ploughed back into the institutions or disbursed as scholarships, research grants and expansion of faculty and facilities to ensure quality education and research in perpetuity.

As a result of its well-thought-out corporate structure and status as a registered charity organisation, the Foundation is able to continue Tan Sri Dato' Seri Dr Jeffrey Cheah AO, its Founding Trustee's vision and legacy of giving in perpetuity. In fact, the latest accolade for Tan Sri Dr Jeffrey Cheah AO is the naming after him of a magnificent new building in the Cambridge Biomedical Campus, which will be the largest biomedical cluster in Europe when it is completed. Called the 'Jeffrey Cheah Biomedical Centre (JCBC)' the building is situated in a precinct on the Biomedical Campus that contains the world famous MRC Laboratory of Molecular Biology, which has produced 16 Nobel Prizes, the Li Ka Shing/CRUK Cancer Research Centre, the leading Royal Papworth Hospital, and the AstraZeneca World Research Centre.

The JCF also serves as a catalyst and platform for others to contribute to the shared cause of education. Governed by the distinguished Board of Trustees, JCF aims to safeguard the institutions under its care for the purpose of providing education at the highest level, including knowledge transfer to those from disadvantaged backgrounds. As of 2023, the Foundation has awarded in excess of RM670 million worth of scholarships to thousands of deserving students in various fields of study in Malaysia and overseas including at the University of Cambridge, Harvard University and University of Oxford.

In 2013, JCF and Harvard University signed agreements to establish at Harvard, two Jeffrey Cheah Professorships on Southeast Asia Studies following a generous gift by the JCF to Harvard. In conjunction with the gift, the Jeffrey Cheah Institute on Southeast Asia (JCI) has been set up at Sunway University to facilitate and support education exchange opportunities between the staff of Sunway Education Group and Harvard University.

Historic agreements were signed with the University of Cambridge and the University of Oxford in 2014 and 2015 respectively. With benefactions by the JCF, the agreements led to the appointment, in perpetuity, of two Jeffrey Cheah Professorial Fellows each at the Gonville & Caius College, University of Cambridge, and Brasenose College, University of Oxford. A Scholar in Residence programme was also instituted which allows for two Sunway Education Group academics to reside in Brasenose for four weeks each year, in perpetuity, to engage in research and scholarly study.

In April 2016, the JCF has gifted USD10 million to the United Nations Sustainable Development Solutions Network (SDSN) establishing a strategic collaboration and the setting up of the Jeffrey Sachs Center on Sustainable Development at Sunway University. In 2021, JCF has pledged another USD10 million to establish the Asia headquarters of the United Nations SDSN at Sunway University. This is one of three global centres, based at Sunway City Kuala Lumpur, along with New York City and Paris to coordinate continent-wide sustainability initiatives.

The JCF and Sunway Medical Centre signed several agreements with the University of Cambridge in November 2017. These marked the 800-year-old world-renowned University's first such entry into Asia and the first collaboration of its kind in the world. As part of the collaboration, Sunway Medical Centre in partnership with Sunway University has established the Sunway Clinical Research Centre, a Regional Site Partner of the University of Cambridge School of Clinical Medicine.

 UNIVERSITY OF
CAMBRIDGE

**The Jeffrey Cheah Biomedical Centre,
Cambridge University Biomedical Campus, UK**

In August 2018, the University of Oxford established the Oxford–Jeffrey Cheah Graduate Scholarship, in perpetuity, with a benefaction from JCF, as well as major contributions by the University of Oxford and Brasenose College, to provide opportunities for highly talented Malaysians to further their DPhil studies in the University of Oxford.

In September 2018, an Agreement was signed by JCF with Gonville and Caius College, University of Cambridge to establish, in perpetuity, the Jeffrey Cheah Scholars-in-Residence programme at Caius, which is similar to the previously established programme in Brasenose.

In March 2019, JCF signed a Memorandum of Understanding with British High Commission to fund the Chevening–Jeffrey Cheah Foundation scholars from Malaysia for the 2019/20 and 2020/21 academic years to pursue a medical, physical or life sciences related master’s course at either the University of Cambridge, the University of Oxford or Lancaster University.

In August 2019, JCF established Tun Dr Siti Hasmah Mohd Ali Scholarship for Creative Arts & Music worth RM10 million. It is a Special Tribute to Tun Dr Siti Hasmah in recognition of her love for music and the value of music for health and well-being and the promotion of creativity. The scholarship aims to attract and recognise outstanding Malaysian talents and achievers who desire to pursue a career in the creative arts and music. It seeks out scholars who demonstrate the potential to become professionals and leaders in their chosen field and who are committed to sharing their knowledge and contributing back to the nation.

In 2020, JCF signed a Gift Memorandum with Massachusetts Institute of Technology (MIT) to support a career development professorship in its School of Engineering. Preference shall be given to junior faculty with research and teaching interests in any of the following fields: Cybersecurity; Phase change materials; Photovoltaic materials; Energy storage; or Virus and vaccine research. Each holder of the professorship will be known as the Jeffrey Cheah Career Development Professor.

The JCF currently owns and governs 20 educational entities of the Sunway Education Group that includes Sunway University, Sunway colleges, and Sunway International schools. JCF is today the largest education-focused organisation with operations assimilating a social enterprise in Malaysia and continues to seek ways to advance the academic standards in Malaysia through collaborative partnerships with top ranking universities.

Lancaster University

As a highly ranked UK university, we set high standards, but we open our doors to all: it's your capacity to learn about the world that matters. We challenge, pushing our students to new heights, and guide people throughout their studies, research and careers. At Sunway University, in partnership with Lancaster University, students join a global community that seeks to make a global impact to improve lives and communities.

Lancaster University is among the best in the UK, consistently ranked in the top dozen or so of all three major UK league tables. Internationally, we are currently ranked 122nd out of more than 1,500 universities in the QS World University Rankings 2024. These successes underline our commitment to and success in delivering excellent higher education around the world and our passion for providing a global learning experience.

As a global university, Lancaster has campuses across the world, in China, Germany, Ghana and Malaysia, delivering teaching that takes students to the frontiers of knowledge and producing graduates who can compete in a global job market and make an impact in their chosen fields. Our international partnerships ensure that we can support graduands in their chosen careers to benefit society in many countries and respond to new challenges.

By studying in Malaysia at Sunway University, students gain a degree validated by Lancaster University. After successful completion, students become graduates of both Sunway University and Lancaster University, and part of a global network of over 170,000 alumni from virtually every country in the world.

Le Cordon Bleu

Sunway University has a close involvement with Le Cordon Bleu since 2010 in relation to culinary and hospitality education.

Le Cordon Bleu is a distinguished institution with a Worldwide reputation. Its name is closely associated with the fine art of French culinary expertise and hospitality. Founded in 1895, it is now the World's largest culinary arts and hospitality management training organisation. Le Cordon Bleu trains around 20,000 students worldwide each year.

The partnership with Sunway University has been instrumental in assisting us to develop our culinary and hospitality programmes to meet the highest standards of the hospitality industry globally.

Today many graduates of our School of Hospitality and Service Management will receive dual certificates awarded by Sunway University and La Fondation Le Cordon Bleu.

The certificates from Le Cordon Bleu attest that the qualifications awarded at Sunway meet the standards laid down in Le Cordon Bleu's own professional qualifications framework for the culinary and hospitality industry. This partnership has been instrumental in ensuring that our qualifications in culinary and hospitality will be well-regarded by the industry internationally.

SUNWAY
UNIVERSITY

CONVOCATION 2023

25–28 July

Amphitheatre @ Sunway Lagoon

The Coat of Arms

Responsibility for the granting of Coats of Arms has rested with the College of Arms in London since AD1484. Applicants are considered by the Garter King of Arms, and if he deems the individual, family or organisation to be worthy of this distinction then the Arms are duly granted. Registers are maintained to ensure that new designs are unique and that existing designs are protected.

In 2005, the Board of Sunway University (formerly Sunway University College) resolved to seek Arms from the College of Arms, and in May 2006, a grant of Arms to Sunway was approved.

The main elements of a Coat of Arms are the crest and the shield. Mottoes do not form a part of a grant of arms, but most grantees choose a succinct statement which represents individual or organisational statements of purpose or values.

The Sunway University shield contains three geometric shapes known as “piles”, each “charged” with a golden sun. Together, the piles form a “W” and, with the suns, the device suggests the name Sunway. The stylised suns have a slight resemblance to the star on a blue background that appears on the Malaysian flag.

The crest is more obviously symbolic of Malaysia, consisting, as it does, of a Malaysian tiger. It is shown holding a torch, often used in heraldry to symbolise learning and teaching.

Our motto “Fortuna Eruditibus Favet” derives from Louis Pasteur’s famous phrase “la chance ne sourit qu’aux esprits bien préparés”. Pasteur, commenting in 1855 on Oersted’s “chance” discovery of electromagnetism, expressed the view that chance discoveries take place only in the context of a prepared mind. We have adapted the phrase to read “Fortune Favours the Prepared Mind” and this was translated into Latin by Professor Thomas N Mitchell, Provost and Professor of Latin at Trinity College Dublin.

The Mace

In the medieval Europe, the mace was a weapon carried into battle by knights and warlike bishops, reflecting their status and prowess in the field. In the university context, it was carried as a weapon to protect the Chancellor, but it has now evolved into a purely ceremonial device signifying the dignity and authority of the Chancellor.

Designed by Royal Selangor Pewter Sdn Bhd, the Mace is 4.5ft in length. It is made of pewter in bright finish and its interior is supported by teakwood. Relevant parts are highlighted with 24-carat gold plating. The head of the Mace is a shining sun in gold plate and, directly underneath, the University's Coat of Arms is hand chased in relief on 925 sterling silver. The progressive "S" and hibiscus flower motifs, also hand chased on silver and gold, represent the parentage of Sunway University, and the identity of Malaysia respectively. A crystal stone is set at the beginning of the name of the institution to mark the front section of the Mace.

The Mace rests on a nyatoh wood base in mahogany finish to complement the Chancellor's Chair.

The Chancellor's Chair

The Chancellor's Chair is made of solid nyatoh wood, and finished in satin mahogany lacquer. The seat, backrest and armrests are wrapped with natural rich brown leather from Germany.

The Coat of Arms of the University, in a highly sculptured relief on a finely textured background, and cast in pewter with gold plating, is placed at the apex of the backrest. The apex itself is modelled on the upper part of the portico of the then Sunway University building.

The Chancellor's Desk

The Chancellor's Desk is mostly hand-built with the same Malaysian top hardwood, nyatoh to complement the Chancellor's Chair. With the selected design, the timber was machine-cut beading, and hand polished and vanished in mahogany lacquer. The decorative gold motifs around the Desk are computer numerical control cut from the solid timber and finished with gold coat. The Desk is 175cm in length by 75cm in depth and 75cm in height.

The Convocation Ceremony

The formal conferring of university degrees goes back to medieval times in Europe, when scrolls, signifying their achievements, were granted to the graduates with great pomp and ceremony, reinforcing their rank, privileges and responsibilities in a highly stratified society. Graduation ceremonies were very rowdy affairs, however, exemplified by the lowering of a large wooden spoon, from the balcony in the Senate House in Cambridge, to the graduate who came bottom of the class in the Mathematics Tripos.

Nowadays such behaviour is frowned upon and the ceremonies have the dignity which befits the occasion. Special ceremonial robes are worn signifying, in the case of degrees, status as a bachelor, master or doctor, and the hoods, derived from medieval dress, signify the discipline or institution of the degree. A sash rather than a hood, worn over a black gown, signifies a diploma.

Academic Dress

The academic dress adopted by the universities of the Commonwealth follows the style of Oxford or Cambridge. Sunway University has adopted the Oxford style which, for bachelor and master degrees, a black gown and hood lined with satin, are worn with a mortar board.

The design of the hood helps distinguish between bachelor and master. The hoods for both bachelor and master use the colours of the University; cyan blue, vivid orange and authentic grey. The same colours are used in signifying diplomas but, instead of a hood, a sash is worn.

The PhD gown with bell-shaped sleeves is in bright orange with blue and grey trimmings, representing the colours of the University. The front trimming of the gown is embellished with the University's Coat of Arms and the gown is worn with a soft-crowned round-brimmed bonnet.

Professor Dato' Dr Elizabeth Lee
Group CEO, Sunway Education Group

Congratulations

SUNWAY *Alumni*

Congratulations on achieving a very significant milestone in your life! You have graduated and have come very far from the fresh-faced first year student to the person you are today, joining over 80,000 alumni who have experienced the joy and spirit of Sunway. As alumni, we welcome you to stay connected with your alma mater and enjoy the perks of being one!

Stay Connected

Yes, you have graduated, but that does not mean all ties are broken.

Like us on Facebook and follow us on Instagram to be updated with happenings on campus or the Alumni community.

Get Involved

There are many ways for you to get involved even after you graduate.

You can either mentor & guide a student, motivate & inspire them as an expert speaker or participate in many of the fun and exciting Sunway Alumni events organised by us specially for you!

Be Part of a Professional Network

Join us on LinkedIn and start building the right connections with people who will open up a world of opportunities for you to get ahead in your career.

Be Rewarded

Being Sunway Alumni sure has its perks! Enjoy on-campus privileges such as the SunGym, Library access, career advisory and much more.

Support our Community Scholars

Support financially-challenged scholars at a chance for education by donating to the Jeffrey Cheah Foundation Community Scholarship.

Sunway Alumni Relations

The OFFICIAL Sunway Alumni Community

Sunway Alumni Relations

alumni@sunway.edu.my

“

Dear Graduates, congratulations on your achievement!

Today is one of the highlights of your life after all the hard work (and more to come). Always be open-minded and strive towards your life goals.

CHAANG YUNHUA

BSc (Hons) in Computer Science (2015)
Huawei Technologies (Malaysia) Sdn Bhd

“

Resilience and determination are more important than ever in rapidly changing times; believe in yourself as you achieve this well-deserved milestone. Your adaptability and strength to succeed despite all obstacles showcase your ingenuity and resourcefulness. I wish you the best in your future endeavours, and Congratulations on your Graduation!

SAFWAAN AZMI

BA (Hons) in Communication (2017)
Lava Protocols Sdn Bhd

“

Congratulations to all Sunway graduates!

Franklin D. Roosevelt once said, “A smooth sea never made a skilled sailor.” Your hard work and perseverance should be applauded, and you should be very proud of yourself for reaching this monumental accomplishment. I wish you the best of luck as you face new challenges in life and may all of your dreams come true. Change the world, but never be changed by the world.

WENDY LEE YEAN YEAN Chartered FCIPD

Master of Human Resource Management (2021)
Toyota Assembly Services Sdn Bhd

“

Congratulations on your graduation!

You have worked hard and accomplished so much to reach this milestone. Take a moment to celebrate your achievements, and then look ahead to exciting opportunities. Stay true to your passions and goals, and never stop learning and growing. All the best in your future endeavours.

WILLIAM CHEW

BSc (Hons) Psychology (2013)

Mak Tok

“

My heartiest congratulations to the Class of 2023 on successfully completing the challenge of obtaining a superior education. You are now entering a world with new challenges. You are well prepared to face all that the future holds. Stay curious, stay humble and remember to learn anything you can from everything you can.

AYESHA MARIUM

BSc (Hons) in Culinary Management (2017)

AB Engineering and Service

“

Happy graduation!

All of your hard work and perseverance have led you to this day, so go enjoy yourself to the fullest because you deserve it. I wish you the very best in the next chapter of your life. I am proud of you, and you should be proud of yourself too.

DESMOND CHONG

BSc (Hons) in Actuarial Studies (2018)

Lancaster University Alumni

SUNWAY
UNIVERSITY

Lancaster
University

With your Lancaster University degree, you are part of the Lancaster worldwide alumni community.

Sign-up online.

Many congratulations on gaining your joint Lancaster-Sunway degree. With the dual degree you are joining the lifelong Lancaster community of over 170,000 graduates worldwide. Your fellow Lancaster alumni have studied in the UK, Malaysia, Singapore, China and other countries – and now live across the globe. You can take advantage of this network by joining the Lancaster alumni programme, as well as the Sunway alumni programme.

The Lancaster alumni programme is here, alongside your Sunway alumni programme, to support you beyond graduation, providing:

- **Events:** from professional networking to informal socials to alumni gatherings in exclusive venues
- **News and updates:** including a quarterly newsletter and annual alumni magazine, *Steps*
- **Worldwide alumni network:** over 50 volunteer-led groups in 30 countries
- **Alumni Loyalty Scholarship:** for postgraduate study at Lancaster in the UK

You need to provide your email address to receive alumni support and information. Sign up online at:

<https://alumni.lancaster-university.uk/partner-sign-up>

Like us on Facebook www.facebook.com/lancasteruniversityalumni

Join us on LinkedIn www.linkd.in/LancasterUniversity

We can't wait to see where life takes you and are here to support you every step of the way.
