SPECIFIC REQUIREMENTS | Refer to the back cover for further details

-  Research Statement
-  Portfolio
-  Personal Statement
-  An interview may be required for some programmes upon the request of the school

PRE-REQUISITE MODULE | ABOUT THE MODULE

The module was designed to provide a pathway for graduates from non-related discipline to enter our postgraduate (taught) masters programmes.

Each pre-requisite module will be conducted fully online and through self-paced learning. The student can complete the content (40 hours) at their own pace within 7 weeks and must not take longer than 2 months.

APEL.A

Sunway University is an assessment centre for APEL.A.

APEL.A (Accreditation of Prior Experiential Learning for Access) provides an alternative entry for individuals with working experience but lack formal academic qualifications to pursue their Master's degree.

Individuals who pass the assessment for APEL.A will receive a certificate from the Malaysian Qualifications Agency (MQA). With this certificate, individuals will be eligible to enter our Master's degree*.

APEL.C

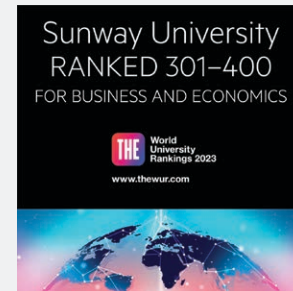

APEL.C presents an opportunity for students to leverage your work experiences and non-formal education into certified qualifications. Students will be able to complete their studies earlier.

*For selected programmes only

Sunway Business School is the FIRST private Malaysian university to attain the globally prestigious AACSB accreditation. It is the gold standard for business schools as less than 6% of business schools worldwide have been accredited by AACSB.

(AACSB - Association to Advance Collegiate Schools of Business)

Times Higher Education (THE) World University Rankings 2023
#301-400 for Business & Management

QS World University Rankings by Subject 2023
#401-450 for Business and Management Studies

T C MASTER OF BUSINESS ANALYTICS

Transform into a business-savvy and data wizard

- Lead the Industrial Revolution 4.0 and change the way we live
- Comprehensive and industry-relevant programme
- Exposure to latest tools and software widely used by the industry
- Learn how to harness the power of data to drive strategic decisions and future-proof your career

T C MASTER OF HUMAN RESOURCE MANAGEMENT

Shape tomorrow's workplace today

- The only CIPD Level 7 approved programme in Southeast Asia
- For aspiring HR professionals
- Upgrade your status to Associate Membership CIPD

Validated by:
CIPD
Chartered Institute of Personnel and Development

T O MASTER OF BUSINESS ADMINISTRATION (ODL)

Upgrade your career and expand your horizons from the comfort of your own space

- A flexible, forward-thinking qualification for business professionals
- Build fit-for-purpose skills to embrace the ever-changing modern business landscape
- Receive the opportunity to gain full membership from the Chartered Management Institute (CMI)

Validated by:
CMI
Chartered Management Institute

T O MASTER OF MARKETING (ODL)

Ace agility, dominate data and evolve your career

- Designed to future-proof your career
- Industry-informed with highly relevant subjects to ensure transformative, dynamic, and optimised learning outcomes
- Soar to greater heights in the 21st marketing landscape
- Learn how to harness the latest cutting-edge tools used widely by the industry

T C MASTER OF MARKETING

Evolve into a strategic visionary and marketing trailblazer

- Shape perceptions, drive customer engagement and craft compelling narratives
- Excel and thrive in the ever-evolving marketing sphere with the latest cutting-edge technologies
- Receive the opportunity to gain The Chartered Institute of Marketing (CIM) Postgraduate Diploma

Validated by:
Lancaster University

CIM
The Chartered Institute of Marketing

R C MASTER OF PHILOSOPHY (BUSINESS ADMINISTRATION)

Become the beacon of innovation in the business domain

- Uncover innovative solutions to transform organisations, industries and economies
- Unravel the complexities of modern business challenges
- Satisfy your intellectual curiosity and cultivate your skills in research design, rigorous analysis and data interpretation

R C PhD IN BUSINESS

Leave your lasting mark in the business realm

- Contribute groundbreaking insights to the business discipline
- Revolutionise industries with your discoveries and configure the future of business practices
- Become an agent of change and a driver of innovation in the business world

- Energy finance
- Fintech
- Sustainability reporting
- Green supply chain management

- Sustainable cities and communities
- Women entrepreneurship
- IoT applications
- Social media analytics

- Big data analytics
- Green marketing
- Sustainable communications
- Digital piracy

The Jeffrey Sachs Center on Sustainable Development (JSC) tackles the sustainability agenda through education, training, research, and policy advisory. It is the Asian base of the United Nations Sustainable Development Solutions Network. The Center operates under the supervision of Professor Jeffrey D. Sachs, one of the world's leading experts in sustainable development.

T C O MASTER IN SUSTAINABLE DEVELOPMENT MANAGEMENT

Learn under the Asian base of the United Nations Sustainable Development Solutions Network

- Under the Jeffrey Sachs Center on Sustainable Development (JSC)
- Become adept at management and problem-solving using analytics and systems thinking guided by global concerns
- Create innovative solutions to achieve the Sustainable Development Goals (SDGs) in scientific, economic, business and technological aspects

- | | | |
|-------------------------|-------------------------------|---------------------------------------|
| • Climate change | • Transportation and mobility | • Social entrepreneurship |
| • Waste management | • Sustainable tourism | • Corporate strategies and operations |
| • Energy systems | • Smart technologies | • Green finance |
| • Wildlife and forestry | • Renewable energy | |

R C PhD IN SUSTAINABLE DEVELOPMENT

Lead the next generation to achieve the 17 Sustainable Development Goals (SDGs)

- Tackle pressing global challenges in the current climate
- Engage with leading academics and scientists to combat against the urgent sustainability adversities of the century
- Become a catalyst for change and contribute to a more sustainable future

The Jeffrey Cheah Institute on Southeast Asia (JCI) is an independent public policy think-tank which works closely with the Jeffrey Sachs Center on Sustainable Development (JSC). The mission of JCI is to develop efficient and equitable solutions to some of the region's most pressing development problems.

T C O MASTER IN PUBLIC POLICY

Drive impactful change and shape the world as a policy protagonist

- Create practical solutions for real-world policy problems
- Develop skills that are highly transferable across sectors, issues and regions
- A multidisciplinary focus in economics, quantitative analysis and public policy management

T O MASTER OF EDUCATION (ODL)

Elevate excellence in the new era of education

- Meet the demands of Digital Age teaching and learning
- Shape the future of education with technology-enhanced pedagogies
- Acquire the knowledge and skills to champion impactful transformation in education

R C MASTER OF EDUCATION

Validated by:
Lancaster University

Become a leader in education and drive positive change

- Designed to empower passionate educators who want to make a significant impact in the field of education
- Shape the future of education with technology-enhanced pedagogies
- Acquire the knowledge and skills to champion impactful transformation in education

R C PHD IN EDUCATION

Become a visionary leader

- Shape the future of education through groundbreaking research
- Become part of a collaborative network of diverse research centres and dedicated groups
- Lead the field of education with your passion and impactful contributions

- | | | |
|---|---|---|
| • Sustainable Educational Technology | • Human-Computer Interaction in Education | • Educational Psychology |
| • M-Learning | • Educational Development and Innovations | • Educational Management and Leadership |
| • Classroom Practices in Higher Education | • Holistic Intelligences | • Spiritual Leadership |

T C POSTGRADUATE CERTIFICATE IN HIGHER EDUCATION PRACTICE

Enhance your capabilities as a Higher Education practitioner

- Accredited by Advance HE – gain a Fellowship of Advance HE
- Develop inclusive and effective teaching skills from educational theories
- Learn to integrate technology into your teaching to enhance student engagement
- Practice-based programme focused on improving teaching in higher education

T **C** **MASTER OF ARTS IN VISUAL COMMUNICATION AND MEDIA STUDIES**

Level up as a technological storyteller

- Learn how to use contemporary media to develop new narratives
- Apply storytelling into the latest forms of technology
- Experience utilisation of latest technologies: 360° video, augmented reality, virtual reality and social media

R **C** **MASTER OF ARTS IN CREATIVE ARTS AND MEDIA**

Be an artistic engineer of the creative economy

- Network with fellow creative minds and professionals
- Contribute new understandings and insights to disciplines aligned in the creative arts and media area

R **C** **PHD IN CREATIVE ARTS AND MEDIA**

Lead as a cultural engineer in the field of Arts and Media

- Develop research outcomes of national and international significance
- Engage with leading scholars, researchers and practitioners
- Solidify your position and expand your influence within the Creative Arts and Media fields through your research and findings

Digital worlds and media

Virtual reality, immersive experiences, broadcasting, social media, new media, branding and advertising

Cities

Space, streets, architecture

Performance and creation

Film, music theatre, traditional arts, design, performance and creative processes

Culture and heritage

History of cultures, history of art, material culture, crafts, popular cultures, gender studies, ethnomusicology, Southeast Asian film

RESEARCH CENTRES

Centre for Research-Creation in Digital Media (CRCDM)

CRCDM seeks to be a cornerstone for transformative digital media research, scholarship, transcultural collaboration, metadesign and innovation to advance Sunway University onto the global new media-scape.

Collaborating Institutions

- School of Art, Design and Media, Nanyang Technological University
- Lancaster Institute for the Contemporary Arts, Lancaster University
- UNSW Art & Design, University of New South Wales
- University of South Australia
- Electronic Cultural Atlas Initiative, UC Berkeley
- The University of Nottingham Ningbo, China
- University of Bradford
- City University of Hong Kong and more!

Centre for South Asian and Indian Ocean Studies (SAIOS)

SAIOS is an interdisciplinary research centre established to study the shared culture of countries surrounding the Indian Ocean. A particular focus will be on the history, society and economy of South Asia (India, Pakistan, Bangladesh and Sri Lanka).

Collaborating Institutions

- The Asian Consortium for South Asian Studies
- The Indian Association for South Asian Studies
- Integrated Area Studies on South Asia (INDAS), Japan
- Graduate School of African and Asian Studies (ASAFAS), University of Kyoto
- Indian Ocean Seminar, Georgetown University, Qatar
- Centre for Gulf Studies, University of Qatar
- Department of History, University of Leeds
- Centre for South Asian Studies and School of History, University of Edinburgh

T **C** **MASTER IN INTERNATIONAL HOSPITALITY MANAGEMENT**

Evolve into an international hospitality and service maestro

- Curated to meet the constantly evolving hospitality industry needs
- Be equipped with industry insights, interdisciplinary knowledge, global management styles and strategic decision-making techniques
- Exposure to highly-qualified staff with industry experience

R **C** **PHD IN HOSPITALITY AND TOURISM**

Spearhead the hospitality and tourism industry

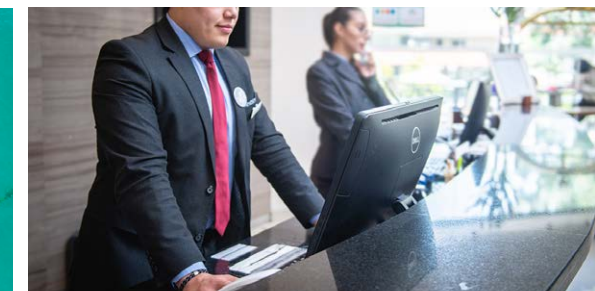

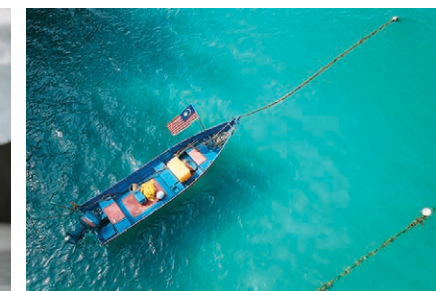

- Acquire research opportunities and collaborations with our national and international partners and networks within ASEAN and beyond
- Collaborate with our Asia Pacific Centre for Hospitality Research (APCHR) for research excellence
- Become part of an international community and a group of respected scholars who actively shape and promote the advancements in hospitality and tourism

- Islamic hospitality and tourism
- Sustainable tourism
- Destination branding
- Wine consumption trends and behaviour

- Heritage and conservation
- Hospitality marketing and branding
- Ecotourism
- Film-induced tourism

- Green marketing
- Food sustainability
- Food tourism branding
- Indigenous people & tourism

RESEARCH CENTRES

Asia Pacific Centre for Hospitality Research (APCHR)

- Established to foster research activities and advancements in the Hospitality and Service Management industry
- Develops collaboration with local and international partners
- Research Seminar: Scholars present and discuss recent issues and trends in the fields of hospitality, tourism, leisure, culinary arts and events

Centre for Hospitality Innovation and Leadership (CHIL)

- Bridges the gap between academia and the industry
- Contributes to talent development and business innovation
- Industry-relevant research and consultancy

T **MASTER OF APPLIED BEHAVIOUR ANALYSIS**

- C** Empower positive change in society
- The FIRST and ONLY provider in the Southeast Asia region
 - Your pathway to become a Malaysia Certified Behaviour Analyst (MCBA)
 - Build your network and access MCBA-approved supervisors and clinics at diverse settings
 - Subjects guided by the curriculum from Association for Behavior Analysis International® (ABAI®)
 - Create and design programmes for behaviour modification
 - Work to improve the daily lives and interactions of people with neurodivergence i.e. autism

Adhering to the standards of:

R **MASTER OF SCIENCE IN PSYCHOLOGY**

Become a specialist in an area of Psychology

- Undertake independent investigation into your topic of interest in an area of Psychology
- Boost your career potential with expert skills and attributes
- Open the door to your PhD with this first step

RESEARCH AREAS

- Biological psychology
- Cognitive psychology
- Social psychology
- Development psychology
- Individual differences
- Applied psychology
- Research methods

R **PHD IN PSYCHOLOGY**

Unlock and study the depths of human behaviour

- Facilitate and contribute towards the advancement of Psychology
- Develop applicable problem-solving and critical thinking skills for future learning and work environments
- Establish yourself as a premier Psychology scholar

T **POSTGRADUATE DIPLOMA IN ELDERLY CARE**

- C** Become a masterful geriatric medical practitioner
- In collaboration with Malaysian Society of Geriatric Medicine (MSGM)
 - Combat the increase in the global ageing population
 - Tackle the increased complexities in the field of medicine

In collaboration with:

R **MASTER OF SCIENCE IN LIFE SCIENCES**

Validated by:
Lancaster University

Lead in the industries of health, biopharmaceutical and education industries

- Exclusive access to specialist medical and biological facilities – Sunway Medical Centre and Sunway Wildlife Park
- Conduct original research and extend the frontiers of Life Sciences

- Cancer biology and therapeutics
- Nanomedicine
- Virology and infectious diseases
- Ecosystem services
- Superbugs and antibiotic resistance
- Drug discovery
- Ecology and conservation
- Marine biotechnology
- Neurobiology

R **MASTER IN MEDICAL SCIENCE**

Validated by:
Lancaster University

Embark on your pathway in a specialised branch of Medical Science

- Opportunities for national and international collaborations
- Exposure to rich clinical experience and specialised training courses

RESEARCH AREAS

- Cancer
- Cell biology
- Immunology
- Medical imaging
- Neuroscience
- Nutrition science
- Pathology
- Pharmacology
- Radiation
- Tissue engineering
- Toxicology
- Virology

R **PHD IN MEDICAL SCIENCE**

Advance the world's health and medical care

- Be actively engaged in bidirectional translational medicine
- Study current issues from patients and medical in the laboratory setting
- Transform scientific discoveries into new treatments and approaches to improve community health and medical care

RESEARCH CENTRES

Students from our postgraduate programmes often have the opportunity to collaborate with our outstanding research centres:

- Center for Vaccine and Virus Research
- Research Centre for Crystalline Materials
- Aging Health and Well-being Research Centre (CARE)
- ASEAN Microbiome Nutrition Centre (AMNC)

MALAYSIA'S
BEST FACULTY OF THE YEAR
SCHOOL OF ENGINEERING AND TECHNOLOGY

Sunway University School of Engineering and Technology (SET)
has been awarded the Best Faculty 2021 by Malaysia Digital
Economy Corporation (MDEC).

R
C

MASTER OF SCIENCE IN
COMPUTER SCIENCE
(BY RESEARCH)

Validated by:
Lancaster
University

Advance the boundaries of computing,
technology and innovation

- Conduct research in current and emerging computing and technology domains
- Meet the needs of the information-rich modern world of computing and technology
- Contribute pioneering and innovative advancements to the industry and academia

R
C

MASTER OF SCIENCE IN
INFORMATION SYSTEMS

Validated by:
Lancaster
University

Ensure the success of today's
modern enterprises in IT

- Devise groundbreaking solutions for data systems aimed at facilitating decision-making and management of information resources
- Enrich your critical thinking, research and analytical skills
- Enhance your skills and transition into leadership roles to enable digital transformation

R
C

PhD IN
COMPUTING

Spearhead advancements in the computing industry

- Position yourself to influence industries and the global landscape
- Solve modern challenges alongside our experienced and highly-qualified faculty members

- | | | | |
|---------------------------|--------------------|------------------------------|---------------------|
| • 5G networks | • Blockchain | • Data mining | • Quantum computing |
| • Artificial intelligence | • Telerobotics | • Human-computer interaction | • AR and VR |
| • Big data analytics | • Mobile computing | | |

RESEARCH
AREAS

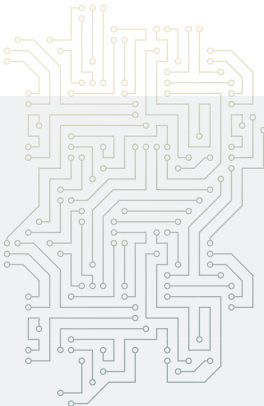

RESEARCH
CENTRES

Students from our postgraduate programmes often have the opportunity
to collaborate with our outstanding research centres:

- Research Centre for Carbon Dioxide Capture and Utilisation
- Research Centre for Human-Machine Collaboration
- Research Centre for Nano-Materials and Energy Technology
- Sunway Centre for Electrochemical Energy and Sustainable Technology

T
O

MASTER OF DATA
SCIENCE (ODL)

Become a data science whiz

- Learn concepts, theories and tools of data science for real-world application
- Excel at analysis and manage a world of data
- Learn to apply data-driven insights alongside technical and managerial capabilities

R
C

PhD IN
SUSTAINABILITY
SCIENCE AND
TECHNOLOGY

Empower the world with your sustainable ideas

- Developed in line with the United Nation's (UN) Sustainable Development Goals (SDG)
- Supported by unique state-of-the-art lab facilities with brand-new and high-end equipment

- | | | |
|---------------------------------|---|---|
| • Emerging nanomaterials | • Machine learning | • Waste and wastewater treatment |
| • Energy storage | • Renewable energy | • Thermoelectrics and energy harvesting |
| • Advanced heat transfer fluids | • CO ₂ capture and utilisation | |
| • Sustainable smart city | • Radiation physics | |

RESEARCH
AREAS

T **C** MASTER OF SCIENCE IN APPLIED MATHEMATICS

Become a mathematical and statistical mastermind

- Be equipped with globally-utilised mathematical tools and knowledge
- Focus on industry-relevant skills such as optimisation and optimal control
- Address ongoing and potential future impacts of global events

R **C** MASTER OF SCIENCE IN MATHEMATICAL SCIENCES

Become a miracle mathematics marvel

- Research your specialised interest in Mathematical Sciences
- A springboard for your pathway to PhD

R **C** PhD IN MATHEMATICAL SCIENCES

Push the boundaries of the mathematical realm

- Develop strong mathematical, analytical and statistical data analysis skills
- Be at the forefront of your specialised field as an expert and qualified researcher

RESEARCH AREAS

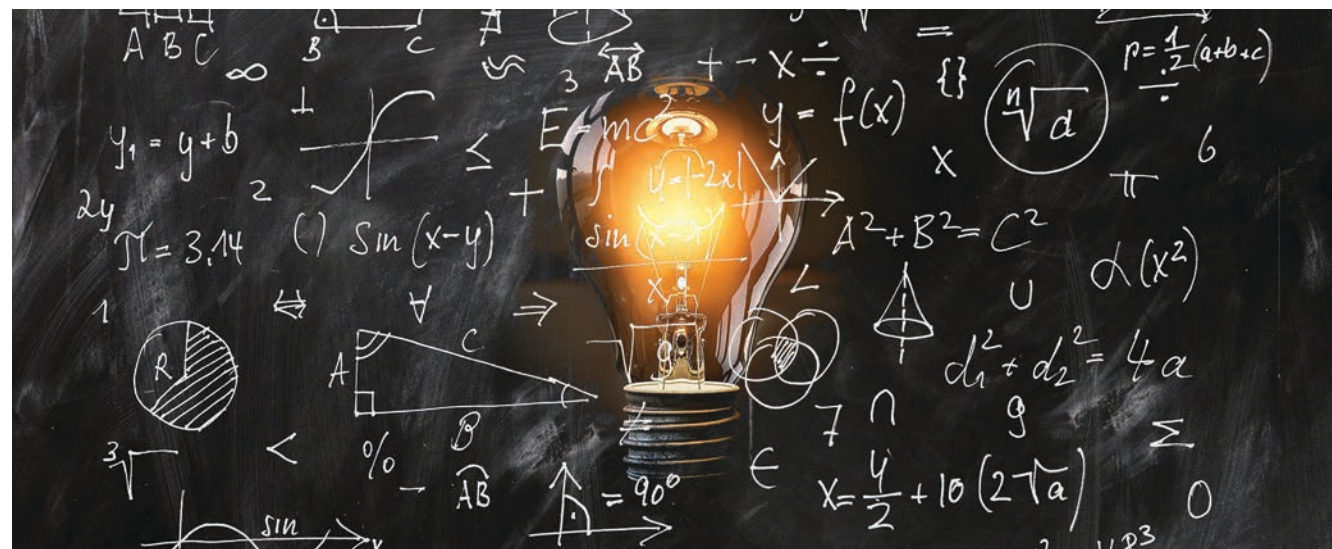

- Applied statistics
- Combinatorics
- Computational fluid dynamics
- Credit risk modelling
- Evolutionary computation
- Graph theory
- Longevity study
- Neural networks
- Optimal control
- Time series modelling

Centre for Actuarial & Analytics Research (CAAARE)

The key functions of CAAARE are:

- Promote research activities and consultancy services to the general public and private sectors
- Develop new and existing collaborative research networks
- Build relationships with the relevant professional societies of researchers locally and internationally
- Provide expertise to support the emerging industry and applied economic research
- Partner with any relevant organisation to accelerate knowledge and technology transfer

RESEARCH @ SUNWAY

INTERDISCIPLINARY

ENCOMPASSING

INCLUSIVE

Rapidly establishing itself as a university that advances multidisciplinary and interdisciplinary research on the global stage, Sunway University is committed to solving global challenges particularly in the areas of sustainable development and planetary health.

RESEARCH STRATEGY 2022 - 2025

The plan sets out seven thematic areas to build on our current research focus while providing the University's direction and focus.

Impact

Develop a world-class research culture and impact

Talent

Retain, recruit, nurture and reward world-class research talent

Partnerships

Deliver global impactful R&D and innovation through collaborative research partnerships

Transnational

Enable transnational research culture that impacts the society, environment and economy

Infrastructure

Enhance and enable access to world-class research infrastructure

Visibility

Creating global research footprints

PRM

A resilient and agile research management workforce

STAFF PROFILES

For more information about our staff, kindly scan the QR code or refer to

SUNWAY
CENTRE FOR PLANETARY HEALTH

HOW TO APPLY

Kindly email the following documents to the respective programme for an eligibility check.

After passing the eligibility check, the school administrator will brief the student further regarding the application process.

REQUIRED DOCUMENTS

Bachelor's / Master's degree transcript

Completion certificate

Curriculum Vitae

SPECIFIC REQUIREMENTS

Applicable to certain programmes (refer to indicators on page 2)

Research Statement/Proposal

Briefly describe the research question that you intend to pursue and the purpose of the research.

Please include the following:

- Working title
- Literature review
- Research methodology
- References

Personal Statement

Outline your interest and goals in pursuing graduate study.

Please include the following:

- Description of your background
- Areas of interest in this field
- Professional goals
- Outcomes you hope to get from this programme

Portfolio

5 - 15 examples of your own original creative work to demonstrate your expression of concepts through media. Any form of media is acceptable i.e. video, audio, photographs, drawings, 3D work, games or other applications.

Interview

An interview may be required for some programmes upon the request of the school.
