INTENSIVE ENGLISH PROGRAMME (IEP)

Quality endorsed by Lancaster University

ABOUT THE PROGRAMME

The Intensive English Programme (IEP) is a full-time course that equips students with the essential English language skills to undertake college or university-level programmes taught in English. Once you have achieved the required proficiency level, you will be ready for one of Sunway's many academic programmes.

Students in the programme are streamed into one of four levels, depending on their proficiency. Each level covers 200 hours of instruction over 10 weeks. Students placed in higher IEP levels are eligible to take a complimentary IELTS preparatory course of 30 hours concurrently.

The levels are

- **Level 2 (CEFR A2)**
- **Level 3 (CEFR B1)**
- **Level 4* (CEFR B2)**
- **Level 5* (CEFR C1)**

**with complimentary IELTS preparatory class*

A placement test is administered to place students according to their strength for the Oral and Written components of the programme. This placement ensures that each student is able to derive maximum benefit from the programme. At the end of the programme, students will be given a certificate of completion and a progress report that indicates their competency profile.

TESTIMONIALS

KHOO MIN YEE *Malaysian*
Completed BSc (Hons) in International Business
During my time at the Intensive English Programme (IEP), I made a lot of friends and enjoyed the learning process. IEP teachers are friendly and always willing to help us learn the language effectively.

HELENA SETIASARI *Indonesian*
Completed BSc (Hons) in Actuarial Studies
When I first came to Malaysia to further my studies, I was not proficient in English and I felt insecure, but after completing the Intensive English Programme (IEP), I have improved much in my academic essay writing and public speaking skills. IEP is an excellent preparatory course for English for academic purposes.

HOANG MINH CHAU *Vietnamese*
Completed Diploma in Information Technology
IEP teachers incorporate different methods in their teaching because every student learns differently. Not only did I learn to improve my English but I also learned other skills for academic purposes such as presentation skills and writing a research report. Thanks to the teachers, I am able to cope with the academic demands of my main programme. I would recommend IEP for students who need to improve their English proficiency.

MIZUKI FUJIMOTO *Japanese*
Currently pursuing BSc (Hons) in International Hospitality Management
My lecturers were kind and they made me feel like family. I am also much more confident now when I am asked to give presentations. In my Written classes, I learnt much about writing academic essays which in a way helped me to achieve the IELTS band I needed.
