ADTP STUDY PLAN

The ADTP accepts students for ALL majors. For most majors, students spend two years of their studies in Malaysia and the final two years in the U.S. Students are required to take core subjects and General Education courses. The flexibility of the program allows other transfer arrangements for liberal art requirements where students can undertake one year of study in Malaysia and complete the last three years in the U.S.

Students must obtain the minimum grade of “C” to meet the eligibility of transfer requirements. More competitive universities have higher admission requirements and academic standards. It is very important for students to refer to the specific university’s admission criteria, transfer requirements and application processes.

Finding your best-fit university

ADTP offers a ‘University Life-Freshman Seminar’ subject focusing on helping students to excel socially and academically in higher education. This subject covers the needed skills to identify and prepare for transfer.

THERE ARE MORE THAN **1,000 MAJORS** AVAILABLE FOR AN ADTP STUDENT TO VENTURE INTO

Studying in the ADTP consists of subjects from the following categories:

★ CORE SUBJECTS

These are the subjects required for entry into a particular major. Students need to complete these subjects before taking their major subjects. Subjects in this area may range between 20 and 30 credits.

★ GENERAL EDUCATION SUBJECTS

The subjects in this area are compulsory for all students. These subjects will give students an overview of other disciplines and help in their future career advancement. Subjects in this area may range between 25 and 35 credits.

★ PROFICIENCY SUBJECTS

Subjects in this area will equip the students with the necessary skills needed for university education. Students may be exempted from these subjects if they can provide evidence that they obtained the acquired skills needed. Subjects in these area are:

- MATH 1024 Pre-Calculus
- ENGL 1014 Fundamentals of College Writing (English Composition 1)

★ MOHE SUBJECTS

Subjects in this area are required by the Ministry of Higher Education. The subjects will help students appreciate the Malaysian culture better. The cost of the subjects is included in the resource fee. Students are encouraged to include these subjects for their transfer. Some U.S. universities accept subjects in this area to fulfill a general education requirement or an elective requirement. Subjects in this area are:

MU1 2173 (Malaysian)	Appreciation of Ethics and Civilisation
MU1 2153 (Malaysian)	Philosophy and Current Issues
MU1 2133 (International)	Malay Language for Communication 2
MU1 2173 (International)	Appreciation of Ethics and Civilisation
MU4 2612	Community Service

HOLISTIC LEARNING EXPERIENCE

ARDEN KHOO ZI HUANG

Former student of
**SMJK Chung Ling, Georgetown
Western Michigan University, US
Computer Science**

Classes were interesting and lecturers were dedicated to their students. I liked that every student was assigned to an academic advisor to guide them. It eased a lot of anxiety and worries. Also, the University Life subject prepared me well for the transfer and application process.

VIANNA CHEANG HUI WEN

Former student of
**Nobel International School,
Petaling Jaya
University of Wisconsin-Eau Claire, US
Business**

The lecturers are very friendly and willing to help a lot. ADTP helped my transition to the US by giving lots of information about the universities I wanted to apply. I had a great experience in ADTP.

ENAIIVAN VENTHAN NALLATHAMBY

Former student of
**SMK Setia Alam, Klang
Arizona State University, US
Finance**

ADTP has helped me to know the American education style and the subject University Life prepared me with the different styles of writing. The lecturers are very attentive and helpful to their students.

THAVINDU GIMSARA WIJESENA

International student from
**Sri Lanka
Wright State University, Dayton,
Ohio, US
Computer Science**

Every student had a chance to cooperate and gain many new experiences with students from different parts of the world. This was very useful as a stepping stone for our further studies in the US. Since Sunway University has agreements with some of the USA universities that I applied, it was easy to transfer. The whole transfer process from beginning to the end was made easier with guidance and consultations from the academic advisors and the staff.

ABHRO RAHMAN

International student from
**Bangladesh
Florida Institute of Technology, US
Astronomy and Astrophysics**

ADTP has helped and supported me in getting a placement in a US university. Before the start of lockdown, ADTP provided a large social student hub, and helped international students integrate into the larger fabric of Malaysian society. It provided a smooth transition from school experiences to college life and what to expect after transfer.

SARAH AMIRAH BINTI MOHAMAD ZAIM

Former student of
**Nexus International School,
Putrajaya
University of Calgary, Canada
English**

My experience in ADTP was challenging but rewarding. The program was flexible where I had time to decide on my major and was able to take classes outside of my major. ADTP has helped me to prepare academically as being exposed to ADTP's classes, grading system, prepared me to feel ready to apply to a University abroad knowing the structure / system will be similar.

TAI EE JIE

Former student of
**SMK Taman SEA, Petaling Jaya
Iowa State University, US
Chemical Engineering**

Students are able to attend any classes that they're interested in other than their major. Lecturers are friendly and helpful. I'm able to communicate easily with my lecturers and classmates.

TAN JIA XIAN

Former student of Dwi Emas
**International School, Shah Alam
University of Alberta, Canada
Computer Science**

The wide range of subjects offered gives more choices to the students. Most lecturers encourage students to work harder. The admin staff helped me whenever I have questions.

MAYU SHIRAI

International student from Japan
**University of New Brunswick,
Canada
Business Administration**

I liked the online information sessions where it provided a lot of insights about different universities in Canada and US. ADTP has great lecturers. ADTP at Sunway was highly organised and effective.

ANICOLE TAN WAN YIN

Former student of Sri Kuala Lumpur
**University of Toronto, Canada
Psychology**

I really enjoyed the whole culture of ADTP, and I feel that this really helped me to pursue my studies overseas. Everyone here, from the students to the lecturers, have been really helpful and very encouraging in every aspect.
